**Summary**

Oswald Chesterfield Cobblepot and Jack Oswald White behaved unkindly towards fellow hero Natalia Alianovna Romanova, also known as Black Widow. Peter and Clark mocked, sabotaged, and spread rumors about Natalia, causing distress and an unsexy environment within the hero community.

**Immediate Response**

Natalia has been escorted to the safe area, while Oswald and Jack have been requested to wait outside. After a few minutes, Natalia asked to meet with the offenders, who had been invited to join her in the safe area. Oswald and Jack seemed genuinely sorry, apologized to Natalia, and had been allowed to stay.

**Council Assessment and Next Steps**

The initial report documents a case of unkind behavior exhibited by superheroes Oswald Chesterfield Cobblepot and Jack Oswald White towards fellow hero Natalia Alianovna Romanova. Despite the hostile actions, Natalia remained composed and not visibly affected. The situation was resolved successfully through Natalia's willingness to give the other party a chance for a sincere apology. Which indeed has been delivered by Oswald and Jack. The apology and reconciliation between the parties indicate a positive shift towards unity and mutual respect among the heroes. Case closed with no further action.

**Council Resolution**

The Council convened and is pleased with the resolution. Nonetheless, it is requested that **Oswald and Jack attend the Awareness Workshop module 1** before being allowed to attend any further Sixth Sense events.

**Council Composition**

Bruce Wayne, Clark Kent, Peter Parker.
